Date sampled:	
Sample Type: Blood <input type="radio"/> Urine <input type="radio"/> Faeces <input type="radio"/> Swab <input type="radio"/> Tissue <input type="radio"/> Other <input type="radio"/>	

**Brief History:**

**Check up panel:**

Alb, Tpr, AST, LDH, GGT, TBili, Ca, Cr, BUN, Glu

CBC/Diff  Fibrinogen

**Pre purchased panel**

Tpr, Alb, Cr, Ca, CK, AST, GGT

CBC/Diff  Fibrinogen

**Presurgical panel**

Alb, Tpr, BUN, Cr, Ca, Glu, AST, GGT

CBC/Diff  PT-PTT  Fibrinogen

**Liver panel:** AST, GGT, TBili, Tpr, Alb, Glu, TG, Chol

Liver panel: AST, GGT, TBili, Tpr, Alb, Glu, TG, Chol

CBC/Diff

**Renal panel:** Cr, BUN, Chol, Alb, Na, K, Ca, P

Renal panel: Cr, BUN, Chol, Alb, Na, K, Ca, P

CBC/Diff

**Muscle panel:** CK, AST, LDH, GGT, Glu, Tpr

Muscle panel: CK, AST, LDH, GGT, Glu, Tpr

CBC/Diff

**Neonatal Foal panel:**

Tpr, Alb, Ca, Cr, Urea, CK, LDH, Glu

CBC/Diff  Fibrinogen

**Cushing disease:**

ACTH

Insulin

CBC/Diff

TRH stimulation test

Dexamethasone suppression test

### Biochemical Profile:

- |   |   |
|---|---|
| <input type="checkbox"/> Albumin          | <input type="checkbox"/> Vit E/Se           |
| <input type="checkbox"/> Total protein    | <input type="checkbox"/> CK                 |
| <input type="checkbox"/> ALP              | <input type="checkbox"/> Glucose            |
| <input type="checkbox"/> AST              | <input type="checkbox"/> Cholesterol        |
| <input type="checkbox"/> GGT              | <input type="checkbox"/> Na-K-Cl            |
| <input type="checkbox"/> LDH              | <input type="checkbox"/> Phosphorus-Calcium |
| <input type="checkbox"/> Total Bilirubin  | <input type="checkbox"/> Iron (Fe)          |
| <input type="checkbox"/> Direct Bilirubin | <input type="checkbox"/> TIBC               |
| <input type="checkbox"/> Urea             |   |
| <input type="checkbox"/> BUN              |   |
| <input type="checkbox"/> Creatinine       |   |
| <input type="checkbox"/> Selenium (Se)    |   |
| <input type="checkbox"/> Vitamin E        |   |

### Hematology examinations:

- CBC and Diff count
- Blood parasites(Direct smear)
- CBC/Fibrinogen/total pr
- PT/PTT
- Cross Match

### Equine Fecal testing:

- Fecal egg count (FEC)
- Fecal Flotation
- Fecal precipitation
- Fecal culture

### Equine Reproduction testing:

- |                                       |                                       |
|---------------------------------------|---------------------------------------|
| <input type="checkbox"/> Estradiol    | <input type="checkbox"/> AMH          |
| <input type="checkbox"/> Progesterone | <input type="checkbox"/> Testosterone |
| <input type="checkbox"/> Others:      |                                       |

### Urinary System Tests:

- |                                     |  |
|-------------------------------------|--|
| <input type="checkbox"/> Urinalysis | <input type="checkbox"/> Urine Culture |
|-------------------------------------|--|

### Mycology:

- |   |   |
|---|---|
| <input type="checkbox"/> Direct Examination | <input type="checkbox"/> Fungal Culture |
|---|---|

### Microbiologic and Culture:

- Microbial Culture & Antibioqram

### Cytology and Pathology Panel:

- Smears
- Fluids
- Bone Marrow
- Etc:

### Pathology
